Professional Summary

Frontend developer experienced in building responsive and performant web applications using React.js and Tailwind CSS. Proficient in component-based architecture, REST API integration, and creating intuitive user interfaces. Passionate about clean code, scalable design, and continuous learning. Proven team player with project leadership experience and strong problem-solving abilities.

Projects

MetaTagLab – Meta Tag Generator App

[Live Link](#)

Developed a React.js-based tool using **React.js** and **Tailwind CSS** that dynamically generates SEO meta tags based on user input. Implemented form validation, responsive layout, and copy-to-clipboard functionality.

ApplyFlow – Job Application Manager

[Live Link](#)

Built a personal job tracking app with **React** and **Tailwind CSS** to manage job applications. Features include local storage persistence, custom status tags, and responsive UI design.

DharmaVerse – Motivational Quote App

[Live Link](#)

Created a React-based spiritual motivation platform featuring daily verses and inspirational cards from Bhagavad Gita chapters. Includes text-to-speech, responsive design, and local storage tracking.

Kanban Board – FlowBoard

[Live Link](#)

Developed a dynamic Kanban board with drag-and-drop functionality using **react-beautiful-dnd**. Users can edit tasks in place and manage columns with local storage.

Personal Portfolio Website

[Live Link](#)

Designed and built a responsive portfolio to showcase projects using **React.js** and **Tailwind CSS**. Includes contact form and project highlights.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Libraries/Frameworks:** React.js, Tailwind CSS, React Router
- **Tools:** Git, GitHub, Netlify, Vite
- **Soft Skills:** Problem Solving, Team Collaboration, Communication

Leadership and Experience

Team Leader – E-commerce Platform Project

Led a team during project management coursework to build an e-commerce platform using vanilla JavaScript. Managed tasks, deadlines, and collaborative coding.

Business Development Coordinator – Hult Prize 2022

Organized outreach and coordination for a global social entrepreneurship event at The British College.

Education

BSc (Hons) Computing

Leeds Beckett University, UK (via The British College, Kathmandu)
Graduated: 2024 | Result: First Class Honors
